Ingalls Memorial Library

The trustees are glad to be able to report to the town of Rindge that the library has had a satisfactory year.

Our friends have been very kind to us and we wish to thank Mrs. G. C. Todd, Mrs. Helen Cleaves, Miss Mary L. Ware, Mrs. Andrews and Mrs. Allen for the books and magazines which they have given to the library.

We were pleased to be able to help the library in South Hampton, New Hampshire by giving them an Encyclopedia Britannica in 25 volumes and 56 other books from our store of duplicates. The resources of that library are much less than ours and the books are being very much appreciated as was reported in a letter of grateful acknowledgment from the South Hampton librarian.

We hope that the town will be able to help us to overcome the inefficiency in our heating apparatus. We are in great need of an extra appropriation for this purpose and urgently request the town to increase its usual allowance, since the sum received this past year together with our interest, only just covered our general expenses and has not allowed for emergencies.

The trustees take this opportunity to thank Miss Morgan and Mr. Barrett for their great devotion to the library. We are very fortunate in having two such fine and efficient executives and we wish to show our appreciation of their unfailing interest.

Respectfully submitted,

EXCHANGE OF BOOKS WITH WEST RINDGE BRANCH LIBRARY

Loaned	71
Borrowed	48

It is a pleasure to note, that the circulation of books this year has equalled and slightly surpassed that of the previous year, and one of its interesting features is the fact that more than half of the borrowers are juveniles. There is a rather large group of young children who have just reached the reading age and the eagerness and pleasure with which they choose their books is a most encouraging sign for the future. The people of the town have reason to be proud of the opportunities in the field of literature which are here offered the growing generation.

It would be gratifying if more of our adult population would visit and use the library. Those who do come seem to appreciate it highly and the comments of our summer visitors are most enthusiastic in regard to the variety and up-to-dateness of our collection. A recent visitor from Keene found in our library two copies of a bird book which she could not locate in her own town.

Again, the registration book shows a large number of visitors to our museum, among whom are many of our own boys and girls, who are becoming acquainted with the bird and animal life of this section of the country, as well as out of town guests who are interested in the fine and varied collection gathered there.

Old Home Sunday at the church, August 4, was observed in the library with open house from 1:00 to 3:00 p. m. Visitors were recorded to the number of 22 and seemed to enjoy renewing acquaintance with each other and the home library.

Your librarian and janitor are hoping that the Town will approve of providing additional funds toward the purpose of repairing or renewing a worn out furnace.

Respectfully submitted,

ALICE L. MORGAN

The results of the book circulation at West Rindge, as tabulated above, give evidence of active appreciation of the Branch Library, and I wish to express for the West Rindge citizens, our thanks to Miss Mary L. Ware for another year of this convenient library

service. The fine collection of new books added each year keep us quite up to date in worthwhile current literature, and many of these new books are in continual service, as they are read in all parts of the town.

The story hour has not been a regular feature this year, but I am sure not many library Thursdays pass, when some group of children, either large or small, does not listen to one of Miss Hale's interesting tales, thereby creating the desire to read it over again from the book. We thank Miss Hale for her kindly interest shown in this part of the library work.

Memorial Day, specialized by the memory of our heroic dead, passed with due ceremony and pleasant success, in every detail, ending in a Memorial Day gathering in the Church, at which the Rev. E. W. Eldridge gave a timely instructive address.

The graves of our soldier dead were decorated with flowers and wreaths, made by the people of the town, by the children, accompanied by the Rindge Band, the war veterans and people of the town.

The Rindge Band furnished appropriate music for the procession and played tastefully throughout the day. The cooperation of the children, teachers of the schools, and citizens in making the day a signal success was much appreciated by the selectmen of the town, and the committee in charge.

The committee wishes to express most hearty thanks to all the willing helpers, who assisted in making the day an achievement, for the town, especially to those who assisted with the decorations, made wreaths, put flags on the graves, the Rindge Band, the

Veterans of the Spanish War and of the World War, the Sons and Daughters of Veterans, the W. R. C. Legion Auxiliary, the teachers of the schools, the L. V. A. and all others who assisted in any way in the celebrations.

Rindge School Nurse's Report

The routine inspection of each pupil's scalp, teeth, throat, skin, posture and general hygiene began with the opening of the school year. The general appearance of the children does not indicate suffering for lack of food. There are always a few who need special food. We are urging the children to bring milk with their noon lunches so that their diet will not lack this essential food. The Growth and Weight Chart, with the periodic weighing and measuring furnishes a strong desire to practice rules which are simple but most important for health and normal growth.

Home visits were made to instruct parents and to follow up defects.

I wish to thank the school board and local officials for their splendid cooperation.

Respectfully submitted,
MARGARET E. HARRIS

Report of the Superintendent of Schools

I submit at this time my eighteenth annual report, it being the thirty-second in the series under union supervision.

The enrollment of the Rindge schools for the first twelve weeks of the present school year was 91 as compared with 97 for the same period last year, and 103 for the school year 1934-35. The size of the lower and intermediate grades indicates that no substantial change in the total enrollment for the town is likely in the near future.

There was no change in the teaching force for the school year 1935-36, and Mrs. Stebbins has continued her work as supervisor of music, and Miss Margaret Harris as school nurse, under the same arrangement as last year.

There has been no Federal allotment of funds for the health program for the present school year and no appropriation for free milk has been available until we were notified on February 8th that an allotment of thirty per cent of the amount of free milk distributed would be available for the next three months. This amounts to only eleven bottles per day as compared with thirty-eight last year.

If the School Board desires this distribution made for the period mentioned it can be started immediately after the February vacation.

Only slight changes were made in teachers' salaries for 1935-36.

During the present school year the work in all the Rindge schools has been carried on effectively. Good order has been maintained, and most of the pupils seem to enjoy and appreciate their school opportunities.

During the period through which we have passed, when the call has been for reduced expenses, the superintendent and school board have tried to meet the situation and at the same time not reduce the efficiency of our schools. We have tried to furnish our schools with the necessary text books and reference books and the required scholars' supplies. Most of the scholars' supplies for the present school year were purchased after bids had been secured and a price fixed for all the supplies required in the several towns. In this way the smaller towns receive the benefit of the lower prices quoted for large quantities.

During the fall term it became necessary to secure a new heating plant for the Rindge Center School, and after careful consideration of the different systems it was decided to install an oil burner. We believe this was an excellent investment for Rindge.

The necessary expenses for maintaining the schools for the next year should not vary greatly from the expense of the present year, and I believe the school board's budget provides for the up-keep of our schools and buildings in a creditable condition.

I appreciate the help and consideration shown me by the Rindge School Board, the teachers, pupils and citizens.

Very truly yours,

LEWIS S. RECORD
